No. 708.

July 2, 1908.

To the Select and Common Council of the City of Pittsburgh.

Gentlemen:—I have the honor to return herewith, without my approval Ordinance C. C. No. 273, authorizing a warrant in favor of the Trustees of the Synod of Reformed Presbyterian Church for \$600.00, assessment for damages for grading Burgess street; Ordinance C. C. No. 482, authorizing a warrant in favor of the pastor of St. Stephen's Roman Catholic Church for \$2,372.94, assessment for the improvement of Elizabeth street; and C. C. No. 509, authorizing a warrant in favor of Marshall N. White, clerk, and Harry D. Wolf, messenger of Councils in the former City of Allegheny in payment of salaries for the month of April and May.

The City Solicitor is of the opinion that all these ordinances are illegal; they are fully covered by opinions rendered in other cases and which have been sustained by your bodies.

Property owners assessed for damages for street improvements have an opportunity to appeal to Court, and the decision of the Court as to their liability is conclusive on them as well as on the City.

The assessments against the Reformed Presbyterian Church and against St. Stephen's Roman Catholic Church having been confirmed by Court and the money paid to the City Treasury, the City has no right to return the same.

The positions formerly held by White and Wolf having been abolished by law, and no appropriation having been made for their salaries, the City has no right now to pay them for services not rendered. I am,

Very respectfully yours.

GEO. W. GUTHRIE,

Mayor.

The Chair presented

No. 709.

July 2, 1908.

To the Select and Common Council of the City of Pittsburgh.

Gentlemen:—I have the honor to return herewith, without my approval, Ordinances C. C. Nos. 193, 194, 195, 196, 197, 198, 199, 201, 203, 204, 205, 206, 207, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 202 and 320.

All these ordinances relate to the improvement of streets on the North Side and were passed under the Act of 1893 without a petition from the property owners.

The streets cannot be improved under that Act without the approval of the Mayor; and it has been the wise practice of this City not to proceed under

it, except only when after an effort to get the consent of property owners, it has been found that some needed public improvement is improperly obstructed by selfish interests.

After receiving the ordinances, I gave public notice through the press that I would not act on them until after the parties interested, either for or against them, should have had a hearing.

Several protests were filed with me, but no person appeared to advocate the approval of any of the ordinances until after, or about, the time had expired in which they could be approved and made operative; and even then, the parties who called upon me did not advocate the approval of all the ordinances but only a few of them.

My own examination satisfied me that, certainly, some of the ordinances should not be approved.

In some cases, they provided for the improvement of streets which had never been legally opened.

In one case, the grade of the street was ordered without having had the grade fixed; in other instances, paving was ordered on streets which had not been graded, and for the grade of which no provision had been made.

In some cases it was apparent that over 50 per cent. of the cost of the proposed improvement (in some, even the whole) would have to be assessed against the City.

Two of the ordinances, namely, Nos. 202 and 320, provide for the improvement of the same street under different names.

In view of all this, and in the absence of any evidence that any of the improvements were called for by public interest, or advocated by the property owners, I withheld my approval.

Since the time for approval has expired, some councilmen interested in some of the ordinances have stated that they saw my notice and did not call upon me because they thought that I had to either approve or veto the ordinances, and as they believed they could pass over my veto any which I might object to, they did not pay any attention to it.

If any of these ordinances which should have been approved have failed on this account, those who took this position must assume the responsibility.

I am, Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

No. 712.

MAYOR'S OFFICE.

Pittsburgh, Pa.

George W. Guthrie, Mayor.

July 15th, 1908.

To the Select and Common Council of the
City of Pittsburgh.

Gentlemen:—

I return herewith, without my approval, Resolution C. C. No. 570.

You will observe by the opinion of the City Solicitor, copy of which is hereto attached, that Resolutions of this character are illegal.

Moreover, the assessments under the Penn Avenue Compromise ordinance were all settled and adjusted many years ago. In the settlement of the litigation the City assumed a very heavy burden, the bonds for which have not yet been paid, and accepted from property owners a small percentage of the claim in full settlement and compromise of all liability for these improvements.

It seems to me grossly unjust and inequitable to the City after a lapse of 25 years to re-open this Compromise; if it is done, it will inevitably lead to ensuing demands for similar favors to other beneficiaries.

As already stated, the property owners were relieved from the liability and gladly settled with the City on the terms arranged. They ought to rest content with the advantage which they gained.

I am, Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

DEPARTMENT OF LAW,

I have no information with respect to this resolution other than what is stated on its face. However, it involves the payment of money by the City and my views as to the legality of a resolution of this character have already been given to you on several resolutions heretofore submitted to me.

Yours very truly,

(Signed) W. B. RODGERS,
City Solicitor.

No. 740.

Pittsburgh, Sept. 12, 1908.

To the Honorable Select and Common Councils of the City of Pittsburgh:

Gentlemen—My attention has been called to an assessment against the former Borough of Elliott for the borough's share of the improvement of Lorenz avenue, amounting to \$8,216.22, together with interest from the date of confirmation of the completion of the work. To make a levy to pay this sum (which is now overdue) would require about a ten-mill tax. The present tax levied on this ward (39th) is 17.75 mills. To add ten mills would be exceeding burdensome, and in many cases would work a great hardship, for, with the sub-district school tax, the tax would be 32.75 mills at least.

In view of this, I would respectfully suggest a separate bond issue to cover this, thus giving the people time for the payment of the debt.

Respectfully yours,

E. S. MORROW,

Controller.

Mr. Ferguson presented from the Special Committee

No. 762.

Pittsburgh, September 22, 1908.

To the President and Members of Common Council.

Gentlemen:—Your special committee, appointed to consider C. C. No. 629, an ordinance authorizing the submission to a vote of the electors of the City of Pittsburgh the question of increasing the indebtedness of said City in the sum of \$1,000,000 for the purpose of erecting a bridge across the Allegheny river from a point on East street, North Side, to a point on Eleventh street, and the acquisition of land for approaches thereto, begs leave to report as follows:

Your committee met on Tuesday, September 22nd, 1908, and organized by the election of Mr. Hugh Ferguson as chairman. There were present at this meeting Messrs. Ferguson, Rothpletz, Melaney and F. Hering. Your committee viewed the proposed site for said bridge from Eleventh street and Penn avenue to East and Ohio streets, North Side, and after a consultation with city engineers Sprague and Ahlers, decided that \$1,000,000 would not be sufficient to complete the said bridge. It appears that nearly \$400,000 damages will be caused to property by the erection of this bridge and the construction of said bridge will, in the estimation of the engineers, cost \$1,400,000.

Your committee therefore returns the ordinance to council affirmatively with the recommendation that it be amended to read "\$1,800,000" instead of "\$1,000,000," and further that the costs of said bond election shall be charged to Appropriation No. 49, Elections, instead of to the Contingent Fund.

Respectfully submitted,

HUGH FERGUSON,

W. H. MELANEY,

FRED HERING,

E. ROTHPLETZ,

Committee.

Which was read, received and filed.

The Chair presented

No. 763.

MAYOR'S OFFICE,

Pittsburgh, Pa.

George W. Guthrie, Mayor.

September 22nd, 1908.

To the Select and Common Councils of the City of Pittsburgh.

Gentlemen:—I have the honor to return herewith, without my approval, Resolution C. C. No. 721, authorizing and directing the payment of the sum of \$192.50 to James D. Shaw, for salary as an Oiler at Brilliant Pumping Station from March 28th to June 20th, 1908.

I have withheld by approval from this Resolution because James D. Shaw did not render any service whatever to the City during the period named, and there is no obligation upon the City, either legal or moral, for the payment of this money to him.

Prior to March 28th, last, James D. Shaw was employed as an Oiler at the Brilliant Pumping Station; his work was entirely unsatisfactory and the Chief Engineer recommended his dismissal for that reason.

On this recommendation, the Acting-Director of the Department of Public Works suspended him pending an investigation of the charges, as he had a perfect right to do under the law.

On the expiration of the 30 days allowed by law, the Acting-Director, after investigation, being satisfied that the charges were true, notified Mr. Shaw that he was dismissed from the service on account of "the unsatisfactory manner in which you performed your duties." Notice of this action was given to Mr. Shaw and to the Civil Service Commission on April 29th.

On receipt of the notice of his discharge, Mr. Shaw called upon the Acting-Director who told him verbally the reasons for the action taken and, whereupon, he said: "that it made no difference to him—he had gotten a job the next day."

On June 4th, however, Mr. Shaw, without making an application to the Acting-Director for a written statement of the reason for his dismissal, appealed to the Civil Service Commission, which body on June 12th, set aside the discharge not because it was not justified by the facts, but solely on the ground that it had not been accompanied with a written specification of the exact reasons therefore.

On receiving notice of this action, the Acting Director on June 15th notified Mr. Shaw that he was dismissed from the service, giving him a full statement in writing of the reason for his discharge.

From this action no appeal has been taken, either to the Acting-Director or to the Civil Service Commission.

From the time Mr. Shaw was suspended on March 28th, to the present time, he has rendered no service whatever to the City.

The suspension for 30 days was for an examination of the charges made against him by his superior officer and was perfectly legal; and even though the order of discharge made on April 29th, was technically insufficient, Mr. Shaw's acquiescence in it and failure to take any action in regard to it until June 4th, closes his mouth to any claim against the City during that period.

Mr. Shaw's final discharge on June 15th was in strict conformity with the law, and there has been no attempt to contest it.

This man has rendered no service to the City since he was suspended on March 28th; in fact, in the latter part of April he claimed to have secured other employment; he was, therefore, unable to work for the City.

He was discharged on account of incapacity or unwillingness to do his duty; to pay him under these circumstances, for work which he never performed, and never offered to perform, would be, in my opinion, an injustice to the City. I am.

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

Also

Mr. Soffel presented

No. 818.

Pittsburgh, October 12, 1908.

To the President and Members of Common Council:

Gentlemen—Your special committee, appointed to confer with the Director of the Department of Public Safety relative to his not granting the six twenty-four hour passes to the uniformed members of the Bureau of Fire would respectfully report as follows:

Your committee organized by the election of Mr. Soffel as Chairman, and Director Lang being present was asked to make a statement relative to the six twenty-four hour passes for the uniformed members of the Bureau of Fire.

Director Lang stated

That the ordinance relative to these passes had been passed by Councils in October, before his term of office began. When he took hold his first object was to equalize the departments, making the North Side correspond with the old city. On the North Side there was a shortage of 42 men, and he had to use that many of the 70 men provided by Councils to make up this deficiency, which left 28 men available, and it would take 17 men in order to grant each fireman six twenty-four hour passes. Through an error of the Bureau of Fire a sufficient amount was not asked for at the meeting of the sub-finance committee to provide a sufficient number of men, as they were not familiar with the conditions on the North Side.

The Director said further, "I have saved a sufficient amount to provide for 77 additional men, and I will have an ordinance introduced to-night asking for that number of men. I saved the salaries of 70 men for February, March and April, amounting to \$22,400, and from February 1 to November 1, 28 men, amounting to \$11,200, making a total of \$33,600, and with that amount I can put on 77 additional men for November, December and January."

Q. Not 77 men?

A. One hundred and five men altogether for three months at \$80 per month will give me sufficient men to carry out the provisions of the ordinance granting the six twenty-four hour passes. I am here to carry out the instructions of Councils so far as I can.

"After this ordinance for the 77 additional men has been passed and approved I intend to give the men the six twenty-four hour passes, starting with November 1."

Respectfully submitted,

HUGH FERGUSON,

Mr. Franklin presented

No. 819.

Pittsburgh, September 14, 1908.

Partial report of the special committee of Councils appointed to visit Cleveland and investigate the use of water meters and the conditions arising therefrom.

To the President and Members of Select and Common Councils:

Gentlemen—Your committee desires to submit the following report from its investigation of the water meter system in Cleveland:

First. As to the bacterial condition of the water compared at intake and outlets, your committee submits the report of the Bureau of Health bacteriologist, Dr. R. G. Burns.

Your committee finds that the economy of water produced by the installation of meters has produced no evil effects in the sanitary condition of the city, and that there is no economy of water to any dangerous extent at the rate charged for water in Cleveland.

Cleveland has about 73,000 meters in use and pumps about 90 per cent. of its water through meters, yet the cases of disease which might be attributed to impure water is very small, so in the opinion of your committee the meters have practically no bearing on disease-producing qualities in the water.

Second. That your committee has found that the greatest waste of water was among the larger consumers, and would therefore recommend the immediate installation of water meters should be limited to the large consumer, whose service requires a one-inch, or larger meter, or its equivalent.

Respectfully submitted,
PAUL H. FRANKLIN,
Chairman.

No. 820.

September 28, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 622, entitled "An Ordinance authorizing the submission to a vote of the electors of the City of Pittsburgh the question of increasing the indebtedness of said city in the sum of one million two hundred thousand (\$1,200,000) dollars, for the following purposes, to wit: Not exceeding one million two hundred thousand (\$1,200,000) dollars thereof for the acquirement of property for the erection and construction of a new water reservoir on the North Side of said city."

It was proposed to build a reservoir as a part of the system for furnishing filtered water to the North Side. As Councils, with the almost unanimous concurrence of the members of Common Council from the North Side, have refused to make provision for providing and erecting the machinery needed to supply filtered water to the North Side there is at present no reason for the erection of this reservoir.

This city is now engaged in the construction of 10 new filter beds, at a cost of over \$700,000, which are only required to provide a sufficient quantity of filtered water to supply the North Side. These beds will be useless for the purpose intended without the machinery called for, and their construction, under the circumstances, is a wasteful expenditure of public money.

Unfortunately the contract for this work had been made and the city bound for the cost before the refusal to provide for the needed machinery; the contract has proceeded so far that the city cannot, without a gross breach of faith, subjecting it to heavy damages, stop the work. There is no reason, however, for starting another work to cost \$1,200,000 under the same circumstances.

The construction of the new reservoir can wait until the money is provided which will be necessary to put the water in it. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

September 24, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 619, authorizing the submission to a vote of the electors of the City of Pittsburgh the question of increasing the debt of said city in the sum of \$500,000 for the erection of a new market house and assembly hall on the public square at the corner of Federal and Ohio street on the North Side of the said city.

The city has been ordered by the state to arrange to furnish filtered water for the North Side, and is pledged to provide free bridges.

In view of this, and of the amount which has already been set aside for that district and that the taxpayers of the old city are now being taxed to pay the extra expense caused by consolidation, I am clearly of opinion that this work, however desirable it may seem to those immediately concerned should be postponed at least until work of a similar character and as much needed in the other portions of the city is undertaken.

I believe that the people of the old city are desirous of treating the North Side with the greatest fairness; on the other

hand, they should meet us in the same spirit. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

The Chair presented

No. 849.

Pittsburgh, Pa., Oct. 22, 1908.

To the Select and Common Council of the city of Pittsburgh.

Gentlemen:

I have the honor to return herewith without my approval, Ordinance C. C. No. 458, entitled "An Ordinance providing for the purchase of a piece of ground situated in the 10th ward of the former City of Allegheny, now a portion of the City of Pittsburgh, "authorizing and directing the Director of the Department of Public Works to purchase from one Isabella McCullough for the sum of \$6,000.00, a lot fronting 52 feet, more or less, on the northerly side of Montrose avenue and extending back along the easterly line of Ellwood avenue a distance of 203 feet, more or less, to Quebec street.

It appears that this property is assessed for taxation as follows:

Lot,	\$700.00
House,	900.00
Stable,	25.00
	—————\$1,625.00

and is classified as rural.

Ordinances have been passed for the widening and grading of Ellwood Avenue by which about one-half of this property, including the house and stable, will be taken; and it is claimed by the property owner that the balance of the property

will be damaged by the change of grade.

Viewers to ascertain and assess damages for the property taken or injured by this widening and grading were duly appointed prior to the passage of this ordinance. At a hearing before the Viewers, which took place on the 15th inst. after the passage of the ordinance, testimony was given as to the value of this property and the damages thereto by the proposed improvement.

Among other witnesses as to value, two real estate agents were examined; one of them testified that in his opinion the whole property, including the buildings, was worth \$2,500.00 and that the damages by the improvement would amount to \$1,800.00; the other that the whole property, including the buildings, was worth \$2,700.00, and that the damages thereto would amount to \$1,900.00.

The damages claimed by the owner were much greater, but the testimony quoted came from disinterested parties.

In view of this great discrepancy between the assessed valuation and the valuation placed on the property by disinterested witnesses, and the amount which the City would be required to pay by the ordinance, I do not feel that the City would be justified, under any circumstances, in paying \$6,000.00 for it.

In addition to this, it seems to me that the purchase of the whole of this property by the City, under the circumstances, would establish a most dangerous precedent.

The law provides a fair and impartial system for the ascertaining of the damages to be paid by the City for property taken or injured by any public improvement—the City takes what property it needs for the improvement and the damages are fixed by the Viewers appointed by the Court with the right to either party to appeal and demand a jury trial if dissatisfied with the award made by the Viewers.

The City takes only what is needed for the improvement. The property owner retains the residue of his property and is paid for what is taken or injured. I do not think it is advisable for the City to depart from this system and substitute one by which it purchases not only the property to be used for the public improvement, but all the property claimed to be affected by such improvement at a price fixed by private negotiations.

I do not know of any case in which this has been done in the past and I must earnestly protest against doing it now.

In this connection, I desire to say that I have been informed that when this ordinance was pending before Councils, members were led to vote for it by the statement that the proposition had been submitted to the Acting-Director of the Department of Public Works and that he did not object to it.

If this representation was made, it was incorrect; the proposition was submitted to him but he positively refused it, and directed that the proper and reg-

ular legal proceeding should be taken for ascertaining by Viewers what damages should be paid.

I am,

Very truly yours,
GEO. W. GUTHRIE.

Mayor.

The Chair presented

No. 888.

November 9, 1908.

To the President and Members of Common Council of the City of Pittsburgh:

Gentlemen—I have the honor to submit herewith an answer just received from the Allegheny Bridge Company in response to your resolution of October 26, 1908. I am,

Very respectfully yours,

GEORGE W. GUTHRIE,

Mayor.

November 9, 1908.

Dear Sir—In reply to your favor of October 27, enclosing copy of resolution of Council, beg to say that we have been unable to call a meeting of our stockholders to consider the same, but at a recent meeting of our board of managers I was instructed to say that in their judgment, entirely apart from the question of compensation, it would not be advisable for us to enter into a contract limited to the time named in the resolution. A response to your letter would have been sent sooner had not the deeply regretted loss of one of our managers obliged us to postpone our regular meeting.

Yours very truly,

T. STUART BROWN,

President.

To the Hon. George W. Guthrie, Mayor of Pittsburgh.

Which was read, received and filed.

Which was read.

The Chair presented

No. 891.

November 9, 1908.

The Select and Common Councils of the City of Pittsburgh:

The owners of the property abutting on Freiheit alley, running from Sixth avenue to Oliver avenue have learned that some discussion has arisen as to the right, or duty, of the city to exact compensation for such vacation. In its present condition this alley is no thorough-

fare and is not of the slightest advantage to the public, and in the view of the owners its vacation will not only be no detriment to the city at large, but by abolishing it and erecting a new building on the site the city will be largely the gainer. The ground covered by it, subject only to the right of passage, which is not exercised by the public, belongs of right to the abutting property, and in the view of the owners the city is not entitled, either in morals or in equity, to any compensation for its vacation. The owners, however, recognize that its vacation will be a distinct advantage to them, and in order to avoid any suspicion of a desire on their part to acquire property without paying for it, they authorize me to state that on the enactment of this Ordinance they will donate the sum of \$25,000 to be expended during the coming winter for the relief of the destitute in the City of Pittsburgh, under the joint direction of the Pittsburgh Association for the Improvement of the Poor, the St. Vincent de Paul Society, the Society of Jewish Women, the Ladies' Relief Association of Allegheny, the Woods Run Relief Committee and the Salvation Army. This money will be placed at the disposal of a joint board, composed of a representative from each of these charitable organizations, just as soon as this Ordinance is enacted into a law.

Yours very respectfully,

GEORGE T. OLIVER.

Which was read, received and filed.

Mr. R. K. Cochrane moved

That the bill be referred to a special committee of seven (7).

Mr. McElroy moved

To lay the motion on the table.

Which motion prevailed.

Mr. Forrest moved

Which motion prevailed.

BONDED INDEBTEDNESS.

No. 2 November Sessions, 1908.

In the Matter of the Increase of the
Bonded Indebtedness of the City
of Pittsburgh.

Proof of fact that questions relative to
the increase of the indebtedness of
the City of Pittsburgh were printed
on the official ballots used at the
general election held Tuesday, No-
vember 3, 1908.

Commonwealth of Pennsylvania, } ss:
County of Allegheny, }

Personally before me, the undersigned
authority in and for said County and
Commonwealth, appeared W. S. Mc-
Clatchey, who, being duly sworn accord-
ing to law, says that he is Chief Clerk
in the office of the County Commission-
ers of the County of Allegheny and Com-
monwealth of Pennsylvania, and held
such position on and prior to November
3, 1908, and has knowledge of the facts
hereinafter set forth.

That the County Commissioners, as re-
quired by law, prepared for, and dis-
tributed to, all the election districts in
and throughout said county all official
ballots, specimen ballots, tally sheets,
etc., used in the holding of the general

election held throughout said County of
Allegheny on Tuesday, November 3, 1908.

That on all the official ballots pre-
pared for, and used in, each and all of
the election districts of the City of Pitts-
burgh, at said election, six several ques-
tions were submitted to the electors of
said City of Pittsburgh relative to an in-
crease of the bonded indebtedness of said
city.

That said County Commissioners are
required by law, for the use of the elect-
ors at all elections, to have specimen
ballots printed for each election district,
which specimen ballots are true and
correct copies of the official ballots used
at the election in each election district.
That the specimen ballot hereto attached
is a true and correct copy of the official
ballot used in the district and ward of
said city of which it purports to be such
specimen ballot. That said specimen
ballot sets forth correctly the form and
manner in which said questions, relative
to an increase of the bonded indebted-
ness of said City of Pittsburgh, were
submitted to the people for their ap-
proval or disapproval, and said ques-
tions, in the form and in the manner
shown on said specimen ballot, were
printed on all the official ballots used at
said general election, in each of the sev-
eral election districts in and throughout
the said City of Pittsburgh, at the gen-
eral election held Tuesday, November 3,
1908; and, furthermore, no other ballots
were printed for, or used in, the several
election districts of said City of Pitts-
burgh, at said election, for the purpose
of ascertaining the will of the people as
to an increase of the bonded indebted-
ness of said city, except the official bal-
lots hereinbefore mentioned.

To vote a straight party ticket, mark a cross (X) in the square, in the first
column, opposite the name of the party of your choice.

A cross mark in the square at the head of a group of Presidential electors, op-
posite the name of a party and its Presidential candidates, is a vote for all the electors
of that party, but for no other candidates.

A cross mark in the square opposite the name of any candidate indicates a vote
for that candidate.

To vote in "favor" of Increase of Indebtedness, mark a cross (X) in the square
to the right of the word "Yes."

Pittsburgh, November 21, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 583, entitled, "An Ordinance fixing the salaries of the veterinarians employed by the City of Pittsburgh."

This Ordinance increases the salaries of the veterinarians, leaving their number as now fixed by Ordinance.

This, in my opinion, is not justified by the condition of the city's business.

It is probable that better results can be obtained by reducing the number of veterinarians and requiring them to give

all their time to the service of the city; in that event it would be fair to increase the compensation of those retained; but to increase the pay without any additional duty is not fair to the city. I am,
Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read, received and filed.

C. C. Bill No. 583. An Ordinance entitled "An Ordinance fixing the salaries of the veterinarians employed by the City of Pittsburgh."

The Chair presented

No. 939.

Mayor's Office.

Pittsburgh, November 26, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Resolution C. C. No. 275, authorizing and directing a warrant in favor of U. J. L. Peoples for \$1,971.20 for preliminary drawing, etc., for single truck engine house, and directing that the same be charged to the Bureau of Fire.

No appropriation has been made for the payment of this claim, and in the absence of such an appropriation the same will not be legal.

In my opinion, however, the claim is not one which the city should be called upon to pay.

By an Ordinance approved June 1, 1905, the Director of the Department of Public Safety was authorized to advertise and let a contract for the erection of an engine house in the Eighteenth ward of the City of Pittsburgh for a sum of money "not exceeding \$15,000;" and by another Ordinance approved the 2nd day of June, 1905, the Director of said department was authorized to employ an architect to prepare plans and specifications and superintend the erection of this engine house at a compensation of five per cent. of the total cost thereof, such compensation to be paid from Appropriation No. 229.

By another Ordinance approved February 3, 1906, the Ordinance approved June 1, 1905, was amended so as to authorize the expenditure of a sum not exceeding \$23,000 for the erection of this engine house.

You will observe by the first Ordinance that the cost of the engine house to be erected was limited to \$15,000 and that no legal increase of this cost was authorized until February 3, when the limit was increased to \$23,000.

At no time was there any authority to erect a house costing more than the sums named.

It appears from Mr. Peoples' own statement that in June, 1905, he claims to have prepared plans and specifications for a building "to cost about \$20,000."

If he did so his plans were valueless to the city, and he was not entitled to any compensation for his work.

Mr. Peoples also claims that in December he prepared a second set of plans and specifications for a building which he estimated would cost \$37,500, and that bids were received for the same at a cost of \$34,400.

If this be correct the last bid received on his plans was more than double the amount authorized, and, therefore, the second plans were as useless to the city as the first.

Mr. Peoples also claims that subsequently he prepared a third set of plans for a house which could have been erected for not exceeding \$28,000.

It is not stated whether or not this third set of plans was prepared after the passage of the Ordinance approved February 3, 1906; but, even if so, it is apparent that the estimates were \$5,000 in excess of the amount provided for the whole cost, and therefore the plans could not be used.

It is apparent, therefore, that even though the statements contained in Mr. Peoples' petition are true, he has not rendered to the city any service for which he is entitled to be paid.

In conclusion, permit me to call your attention to the fact that Mr. Peoples' statements, so far as they involve Mr. Moore, former Director of the Department of Public Safety, are entirely uncorroborated; but, even if true, they seem to indicate that he entered into an arrangement with the Director to prepare plans in the hope that Councils could be induced to authorize the erection of a building in accordance with them, with the understanding that if this was done he would be employed as architect.

Such an arrangement, even if made, furnishes no ground for claim against the city. His work, whatever he may have done, was entirely speculative; it was of no value to the city, was never authorized by it, and has never been accepted by it. I am,

Respectfully yours,

GEO. W. GUTHRIE.

Mayor.

Mayor's Office.

Pittsburgh, November 23, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Select Council No. 575, being a "resolution in favor of Thomas R. Loughrey for the payment of four years' interest from July, 1904, to July, 1908, in the sum of \$3,582 on property purchased for the opening of the Wilmot street bridge, and charge the same to Appropriation No. 42."

As will appear by the accompanying opinion of the City Solicitor, this Ordinance is illegal, and for that reason I have withheld my approval. I am,

Very respectfully, yours.

GEORGE W. GUTHRIE,

Mayor.

Department of Law.

Pittsburgh, November 23, 1908.

Hon. George W. Guthrie, Mayor:

Dear Sir—I have received from you Select Council No. 575, authorizing the payment to Thomas R. Loughrey of \$3,582 for interest on a purchase of property made by the city for the Wilmot street bridge. I have also received your communication, stating the facts with respect to this claim, namely, that you settled with Mr. Loughrey for the purchase money of the lot, and that Mr. Loughrey made a deed to the city at the price settled on between you and himself. Your contract with Loughrey was approved by Councils, the deed made and the money paid to Mr. Loughrey, and he now makes a claim for interest for four years.

There is no principle of law that would authorize the payment of this claim. The purchase is a settled matter and the deed has been made, and there is no

further legal claim on the part of Mr. Loughrey.

Yours truly,
W. B. RODGERS,
City Solicitor.

In the Department of Public Works the only bureaus in which any substantial increase is asked for are the Bureaus of Water and Light.

In the Bureau of Water the increase is due to the necessity of making provision for the operation of the filtration plant for the whole year, at a sufficient capacity to supply not only the central city, but the South Side as well. For this reason the estimates for the operation to the Ross Pumping Station and the Filtration Division are increased from \$187,913.57 for the current year to \$247,960.00.

There is also included an estimate of \$32,800.00 for the River Avenue Pumping Station. Although this station has not been operated this year, and it is hoped there will be no necessity for operating it next year, the condition of the pumps at Montrose, however, is such that prudence requires that the River Avenue Station should be kept continually ready for service and provision made for its operation in case necessity should at any time arise.

Should the Monongahela Water plant not be acquired during the year, and should no necessity arise for the operation of the River Avenue Station, there will be no necessity for spending all this money.

Should, however, the Monongahela Water plant be acquired the revenues from water furnished to the South Side will fully recoup the city for this expenditure.

The increase in the Bureau of Light is required to furnish additional lamps required to meet the needs of the new districts and streets.

The principal increases in the estimates for the Department of Public Safety (the net increase in this department is \$136,971.90) are in the Bureau of Fire, where about \$77,000.00 is required to increase the force sufficiently to enable the department to give the em-

ployes the six (6) additional passes a month ordered by the Ordinance of October 14, 1907; and about \$70,000.00 to provide the men and \$26,100.00 to purchase the additional machinery and equipment required to put in full service the new engine houses Nos. 36, 37, 38, 39, 40, 57 and 58, which are now rapidly approaching completion.

As the new buildings are not yet completed, however, I have estimated only the amount which I think will be required to maintain them from and after their completion. The amount estimated for this purpose is, I think, amply sufficient.

The increases asked for in the Department of Charities and Correction amount to \$17,197.12; \$6,600.00 of this amount is required for insurance and \$9,000.00 for additional supplies at Marshalsea and Warner, which it is thought prudent to provide in order to meet an anticipated increase in the number of inmates at these institutions.

The estimates of the expenses of all the other departments are as follows:

Mayor's Office, salaries.....	\$ 25,819.40
City Clerk's Office, salaries...	10,200.00
City Solicitor's Office, salaries	30,550.00
Controller's Office, salaries...	28,600.00
City Treasurer's Office, salaries	47,100.00
Assessors' Office, salaries.....	46,805.12
Civil Service Commission.....	11,590.00
Total.....	\$200,664.52

The total amount required for these offices last year amounted to \$241,700.00, showing a reduction of \$41,035.41.

The City Controller submits a statement of the amounts required for the various disbursements through his office, as follows:

Amount required for Interest and Sinking Funds.....	\$2,673,438.00

I have not yet received the estimates of the Central Board of the Pittsburgh Sub-School District, of the Board of Control of the North Side Sub-School District, or of the Carnegie Free Library of Pittsburgh. Last year there was appropriated to these purposes \$1,815,508.00, as follows:

Central Board, Pittsburgh..	\$1,590,000.00
Board of Control, North Side	25,000.00
Carnegie Free Library—	
Pittsburgh	210,000.00
North Side.....	22,508.00

In order to facilitate your work in dealing with the appropriations I have thought it expedient to transmit the estimates of the various departments of the city without waiting any longer for these delayed estimates. As soon as they are received they will be forwarded to you.

The Playground Associations have submitted their estimates in detail, which are also transmitted herewith.

They are as follows:

	Current year.	Next year.
Recreation Grounds—		
Pittsburgh.....	\$33,110.00	\$56,925.00
North Side.....	12,000.00	20,000.00
The estimates of the Carnegie Library, North Side, is as follows	\$22,508.00	\$24,948.00

I have not made any recommendations for street repaving for the next year.

We have been passing through a period of serious financial depression. This year the taxpayers permitted almost 27 per cent. of their taxes and 45 per cent. of their water rents to go delinquent—something unprecedented in recent years. The average delinquencies for many years have been 17 per cent.

These arrearages will have to be paid next year. Wise and considerate administration requires, therefore, that the new levy for that time should be made as light as possible, so as to give the people time to recover. They have shown that they could not pay the amount called for this year in full; it is not reasonable to suppose that they can make good the balance still due and at the same time pay in new taxes as large an amount as they were called upon to pay this year.

Moreover, the last three years have been years of great activity in municipal work.

The filtration plant has been practically completed and paid for, and is now capable of supplying water to the portion of the city between the rivers and to the South Side whenever the Monongahela Water Works are acquired.

New engine houses and police stations have been completed and some old ones remodeled.

A new power house has been erected at Marshalsea, at a safe distance from the buildings occupied by the inmates, and a new hospital, for which the money has been provided, is being erected. A sewage disposal plant has been built at the Warner Home and the accommodations in the buildings increased so as to provide additional room for inmates, and the Municipal Hospital in the city has been enlarged.

In the Department of Public Works 52.2 miles of water pipe have been laid, at a total cost of \$804,334.00; 248,529 square yards of asphalt resurfacing and patching has been done at a total cost of \$205,656.09; 41.24 miles of sewers have been built at a cost of \$579,883.50; 203,392 feet of streets have been graded, paved and curbed at a cost of \$2,105,799.30; 87,476 feet of streets have been repaved at a cost of \$691,014.31, and 12,700 feet have been graded at a cost of \$108,492.34.

In addition to this 478,399 square yards of sidewalks have been relaid.

(There is a large amount of street work under contract, part of which has been done, but, as it is not completed, it is not included in this statement).

Part of this work has been paid for by direct taxation, part by the proceeds of bonds, and part by assessments on the property owners, but in the end it is all borne by the taxpayers.

For these reasons I have not recommended an appropriation for repaving; still, I think that the streets which have been repaired should not be permitted to again fall into disrepair, and I would recommend an appropriation of about \$75,000.00 to be used by the Bureau of

Highways and Sewers in keeping the streets in good order and repair, and the maintenance and extension of boardwalks and steps where required.

This can be done and yet permit a reduction in the millage, provided the amounts required for schools and libraries do not much exceed the amounts appropriated for them last year.

My estimate for receipts are as follows:

Current expense tax for consolidated city, .007½ (less 20 per cent.).....	\$ 3,639,500.00
Pittsburgh separate debt tax, .002 (less 20 per cent.)	850,000.00
Allegheny separate debt tax, .006 (less 20 per cent.)...	462,000.00
Water rents.....	1,100,000.00
General revenue (not including State appropriation for schools).....	1,845,000.00
Due from former City of Allegheny	297,000.00
Delinquent taxes.....	1,821,000.00
Total.....	\$10,014,500.00

DISBURSEMENTS.

Department of Public Works	\$ 3,079,342.32
Department of Public Safety	2,811,239.40
Department of Charities and Correction.....	357,958.60
Salaries	200,664.52
Controller's estimate.....	433,092.64
Interest and sinking funds.	2,673,438.00
Libraries (last year).....	232,508.00
Playgrounds (estimate for this year \$76,925.00), last year	45,100.00
	\$ 9,833,343.48

Streets and maintenance of boardwalks and steps....	75,000.00
---	-----------

Total.....	\$ 9,908,343.48
------------	-----------------

Should you not accept my recommendation in regard to street repaving a levy of .000½ mill on the consolidated city, together with the \$75,000.00 recommended by me, will raise more than was appropriated last year for this purpose.

When the amount required for schools has been ascertained, the amount required for that purpose, less the State appropriation, will have to be levied in the separate districts. Last year the tax levied in the old City of Pittsburgh for this purpose was .003½ and in Allegheny .004.

This will be sufficient for the ensuing year unless the amount required is largely increased, which we have no reason to anticipate.

Taxes will also have to be levied in the annexed boroughs sufficient to raise the money required for interest and sinking funds upon their bonds.

Some additional appropriations are asked for permanent improvements in the Department of Public Works and in the Department of Charities and Correction. Should these be determined upon they should be provided for by bonds; in which case, in order to meet the interest without any increase in taxes, I would recommend that the assessments against the city, amounting to \$40,111.00, should be paid as heretofore by bond issue, thereby freeing that amount of revenue for that purpose.

The estimated revenues show a surplus over estimated expenses of \$106,156.00. The Playground Associations have asked for an increase of \$31,815.00 over the appropriation of the current year. In the estimates submitted by me I only include an allowance equal to the amount made during the current year, as their detailed applications were not received until after I had completed my estimates. The Public Bath House and Bath Association, located at the corner of Butler and Thirty-fifth streets, ask for an appropriation of \$3,000.00. This application was also received after my estimates had been completed. Should your bodies decide to grant these requests, or any part of them, the money can be paid out of the surplus shown above.

I do not think, however, that any larger draft can be made out of that surplus for the following reasons:

If the city acquires the plant of the Monongahela Water Company the bulk of this surplus will be required to pay the interest which will come due during the year on the bonds issued to pay for it; on the other hand, if the plant is not acquired, while this amount will not be required for interest, at least that amount will have to be deducted from the amount estimated to be received from water rents, as in the estimate of water rents a certain amount was put in on the assumption that the plant would be acquired and operated.

There will also be required an amount sufficient to provide for the interest and sinking funds required on the proposed issue of bonds to pay the old City of Pittsburgh the amount advanced by it to pay outstanding bills due by the City of Allegheny on the day of consolidation, amounting to \$297,000.00.

If these recommendations meet your approval the tax levy for the next fiscal year will be as follows:

Current expenses.....	.007½
Separate debt of Pittsburgh.....	.002
Pittsburgh School District (if not increased).....	.003½
Allegheny separate debt.....	.006
Allegheny School District (if not increased).....	.004

This would make the taxes in that portion of the territory included in the former City of Pittsburgh .0125, as against .01455 last year, and in the City of Allegheny .01725, as against .01833 last year. I am, Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

Mr. Brand arose and said:

"Gentlemen, I wish to make a statement. Being elected as your presiding officer, I do not, at this time, think it expedient for me to preside over your body for one or two reasons. During the past week I have been charged with a serious crime with several of my colleagues in Council, and I therefore do not want to preside until I have proven myself entirely innocent of these base charges in a court of law. I hope it

will be a speedy trial, and I can assure every one present that I will be proven not guilty. I therefore desire you to place some one from the floor of Council in the Chair. Will Mr. McElroy please take the Chair?"

Mr. McElroy replied:

"Mr. President, under any other circumstances I would very gladly accede to your request as made. By taking your place and presiding in your stead it would be an injustice to you at the present time. You have absolutely no reason for vacating the Chair. Our laws consider a man innocent until proven guilty. I will not prejudice your case. I cannot, under the circumstances, accede to your wish."

Mr. O'Donnell stated:

"Mr. Chairman, you have been duly elected Chairman by the members congregated here this evening. Until proven by the Allegheny county courts guilty I beseech you to act as you have always acted—Chairman of this body."

Mr. O'Donnell moved

That Mr. Brand remain in the Chair.

Mr. W. J. Burke spoke on motion:

"Mr. Chairman and members of Councils, I am heartily in favor of the motion, and I am going to give you my reason. In the first place, Mr. Brand is a member of this body. He has been chosen to preside over this body, and should do so until the courts say he has been guilty of some crime that disqualifies him, and we should keep him in that position until that time—when the Court and jury state that he is guilty."

Which motion prevailed by a unanimous vote.

Mr. Brand replied:

"Gentlemen, I again refuse to preside over this body until the courts of Allegheny county decide. I thank you and am very glad to know that you still have as much confidence in me, but, gentlemen, I am forced to take this action by the respect for my family and the public. While my character has been assailed unjustly, I feel that although I will still be a member of this body, I cannot and absolutely refuse to preside."

Mr. Tanney moved:

That Mr. McElroy act as Temporary Chairman.

Mr. Lappe said:

"I feel that Mr. Brand is perfectly right in taking the stand on this question. Under the circumstances, some one else should act as Chairman in his stead until proven not guilty. He owes it to his family and the members of this body as well as to the public. Therefore, I would like to see this motion pass."

Mr. R. K. Cochrane said:

"I desire to voice the sentiments of my colleagues from the North Side in asking Chairman Brand to continue in the presiding office for which he has been elected. I sincerely hope that the motion will be defeated. I cannot see for the like of me why we should let our Chairman vacate his seat. I trust you will defeat this motion and decide it by a rising vote."

Mr. McElroy said:

"Mr. President, I hope you will reconsider and say that your decision is not final in this matter of retiring from the Chair. It is the unanimous expression of the whole body that you retain the Chair. I sincerely hope that you will still preside. I hope the motion will not be favorably entertained, as I do not think you are doing yourself justice, and I hope Council will vote the motion down to refuse to elect a Temporary Chairman."

Mr. Tanney withdrew his motion.

Mr. Brand replied:

"I thank you again, gentlemen, but I would like to beg of you, the members of this body, to excuse me for to-night, at least. I again ask Mr. McElroy to kindly take the Chair."

Mr. McElroy taking the Chair.

Mr. Hipwell moved

That the reading of the minutes of the previous meeting be dispensed with.

Which motion prevailed.

Mr. Hirsch presented

No. 1007.

Pittsburgh, Dec. 28, 1908.

To Common Council, City of Pittsburgh:

Gentlemen—As I have been charged, unjustly though it be, with an offense against the laws of this Commonwealth, I deem it but justice to the members that I refuse to take any part in the meetings of Council or the work of its committees until such time as I have been fully exonerated from all blame.

Respectfully yours,

"I rise to a question of personal privilege of this floor."

There being no objections, Mr. Soffel continued:

"Mr. Chairman and members of this body, I rise at this time to say to you that you no doubt are aware of the terrible calamity which befell, I believe, five of your members of this body on last Monday. Unfortunately for me, I was one of that number. From that time until this moment I have refrained in any manner whatsoever from making a statement to the press or the public or my constituents. I felt that a statement of that character should be made at this time and in this place, and for that reason I am going to make that statement, and make it briefly. I want to say to the members of this body, I want to say to my constituents, I want to say to my social and business friends throughout the universe, that the charges that were brought against me—three or four in number—are absolutely and bona-fidely false. I know not why they were brought; I know not why they who brought them waited until the dawn of night was settled—and I want to say to you, the citizens of Pittsburgh, that I am positively innocent of the accusations made against me. I want to say to you that it came to me like a thunderbolt from a clear sky, and I want to say in conclusion that I defy any citizen in Pittsburgh, County of Allegheny, State of Pennsylvania, or the United States to stand up and say that I am connected with any charges which have been connected with me, and I now say positively that if there is any man in this universe who knows anything I have ever done—I ask him to appear before the proper tribunal and there make known the knowledge he is possessed of. I am going to go to trial, and if there is any man in the entire universe who knows of one single act I have committed derogatory to legislation or myself I ask him to go to the tribunal and there make his statement. I make a statement on this floor because I think it the proper place, and I will feel satisfied in my own mind that I have thrown the defy to him who tries to smirch my previous good character and my standing among the business fraternity of Pittsburgh. I fear no man, and I ask any man who knows of anything I have done which is wrong to speak now—and shall he hold his tongue he has nothing to say. I deny every charge against me. I am innocent of any wrongdoing, and all necessary will be told in the Temple of Justice on yonder hill, and until such time I will absolutely refuse to vote in this body until acquitted or found guilty. If found guilty I will not again vote in this body; if not, there is another story."

Mr. Hipwell called up

S. C. No. 441. Resolved, That the Director of the Department of Public Safety shall be and he is hereby authorized, empowered and directed to appoint and employ six competent trained nurses for temporary duty in the Bureau of Health, Department of Public Safety,

The Chair presented

No. 1954.

Mayor's Office.

Pittsburgh, December 24, 1903.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. 903, entitled, "An Ordinance authorizing and empowering the City Treasurer to issue peddler's licenses for the term of one (1) calendar month."

This Ordinance is very loosely drawn, and while the purpose of those who prepared it seems to have been charitable the effect of it would be, as shown by the letter of the City Treasurer hereto attached, very unfair to the other licensees.

While it is probable that the Ordinance was not so designed, it might have the legal effect of impairing the other Ordinances regulating the granting of licenses for various forms of selling in the city, cutting them all down to a rate of one (\$1.00) dollar a month, thereby reducing the revenues of the city. I am,

Very truly yours,

GEO. W. GUTHRIE,

Mayor.

City Treasurer's Office.

Pittsburgh, December 23, 1903.

Hon. George W. Guthrie, Mayor of the City of Pittsburgh:

Dear Sir—Regarding "An Ordinance authorizing and empowering the City Treasurer to issue peddlers' licenses for the term of one calendar month," numbered C. C. No. 903:

While on its face it appears to be a good piece of legislation, it is fatally defective in some vital aspects.

First. People living in the City of Pittsburgh and paying taxes there are entitled to the first chance to do business in the community. Should the above Ordinance become a law foreign merchants would be able to compete with local traders at a less cost. For instance, a New York trader might come to this city and take orders during the term of one month at a cost of \$1.00, while a local trader would be paying \$25.00 for the same privilege.

Second. Under such a law foreign traders would be enabled to come to the city during the periods of extraordinary business activity (as during the Christmas holidays, the Fourth of July, etc.) and do business at an advantage over local traders, and this because of the city's own act. A foreign trader might come to sell turkeys at Thanksgiving or toys at Christmas and thus compete on a cheaper basis than a local trader who resides in the city all the year around and pays taxes to support the city.

Therefore, for the above reasons, it seems to me that such a law as the one proposed would be unwise.

Very truly yours,

J. F. STEEL.

No. 1055.

Mayor's Office.

Pittsburgh, December 14, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 890, entitled:

"An Ordinance authorizing the submission to a vote of the electors of the City of Pittsburgh the question of increasing the indebtedness of said city in the sum of one million eight hundred thousand (\$1,800,000.00) dollars, for the purpose of acquiring property for and the erection of a new public bridge across the Allegheny river at Eleventh street."

I have given this Ordinance a great deal of consideration, and I am unable to see that there is any public need sufficient to justify an appropriation of \$1,800,000.00 for the construction of a bridge at this point at the present time.

In view of this and of the further fact that the city has already authorized the appropriation of \$1,200,000.00 for

building a new bridge over the Allegheny river at the "Point," I do not think that it is proper to subject the taxpayers to the heavy additional tax which will be imposed upon them to carry a debt of \$1,800,000.00 incurred for the erection of a bridge at a point where there is not sufficient public travel to justify it, the bridges at Ninth and Sixteenth streets being sufficient to accommodate the present travel.

Permit me also to call your attention to the fact that there are other public needs much more urgent than this bridge, which would be greatly obstructed, if not rendered impossible, by the appropriation of this amount of the debt creating power of the city to this purpose.

Since the passage of this Ordinance I have received from taxpayers many oral and written remonstrances against it. For your information I attach hereto the written remonstrances, and also copies of the resolutions of the Chamber of Commerce and the Oakland Board of Trade, protesting against it. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Whereas, An Ordinance is before the Mayor favorable to a bond issue of \$1,800,000.00 to build a bridge across the Allegheny river at Eleventh street; and

Whereas, In the opinion of the Oakland Board of Trade such an expenditure for a bridge at this point is not justified at this time, particularly in view of the fact that \$5,000,000 have already been appropriated for free bridges over the Allegheny river; therefore be it

Resolved, That the Oakland Board of Trade is opposed to the building of such a bridge by the city at this time; and be it

Resolved, That we respectfully recommend to His Honor, the Mayor, the veto of this Ordinance.

Chamber of Commerce of Pittsburgh.

To the Honorable George W. Guthrie, Mayor of the City of Pittsburgh:

The Chamber of Commerce of Pittsburgh respectfully protests against the Ordinance passed by Councils November 30, 1908, relative to issuing bonds to the amount of \$1,800,000.00 for the purpose of constructing a bridge across the Allegheny river at Eleventh street, and earnestly requests that you will veto said Ordinance for the following reasons:

First. The bridges now at Ninth street and Sixteenth street are fully sufficient to care for all the traffic in that vicinity. The bridge at Eleventh street is entirely unnecessary.

Second. The freeing of the present bridges across the Allegheny river will cost the city a large amount, and it is highly unwise to spend \$1,800,000.00 more on a new bridge.

Third. The various municipal improvements and enterprises now under way or in contemplation, some of which are of great importance, will involve the

city in huge outlays. This is no time to incur a debt of \$1,800,000.00 for a useless bridge. The bonds will have to be paid out of taxes, and the burdens of the taxpayers are already heavy and are likely to be increased. No avoidable expense should be incurred.

Which was read, received and filed.

C. C. Bill No. 890. An Ordinance entitled "An Ordinance authorizing the submission to a vote of the electors of the City of Pittsburgh the question of increasing the indebtedness of said city in the sum of \$1,800,000.00 for the purpose of acquiring property for and the erection of a new public bridge across the Allegheny river at Eleventh street."

Which was read.

And the bill not being taken up within five days of such veto, the objections of the Mayor was sustained.

No. 1056.

December 18, 1908.

To the Select and Common Council of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 929, entitled:

"An Ordinance authorizing and directing the issue and sale of bonds of the City of Pittsburgh amounting in the aggregate to one million (\$1,000,000.00) dollars, to provide funds for the purpose of the acquirement of property for and the erection of a public bridge across the Allegheny river to connect that portion of said city known as the 'Point' with the North Side of said city, and providing for the redemption of said bonds and the payment of interest thereon."

I cannot see any propriety whatever in authorizing the issue of these bonds at the present time.

As this issue is authorized by a vote of the people no part of it can be used for any other purpose than the one specified, namely: To provide for the erection of a bridge over the Allegheny river at the "Point."

Before the bridge can be erected plans and estimates must be prepared and approved not only by the city, but by the Secretary of War, without whose approval the bridge cannot be constructed.

After that property must be acquired for approaches and all other steps taken necessary to acquire the right to construct the bridge.

All this will take considerable time. How much time, however, it is not possible for me even to estimate. And when this has been done the contract for the construction of the bridge will have to be let before the money can be used.

In view of all this it is evident that it would be improvident to authorize the issue and sale of bonds to the amount of \$1,000,000.00, for which the city would have to pay interest at the rate of 4 per cent. per annum, and possibly an addi-

tional amount, 4 mills for state tax, when the proceeds would have to lie idle in the banks for an indefinite period.
I am.

Respectfully yours,

GEO. W. GUTHRIE,

Mayor.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Resolution C. C. No. 742, directing the Director of the Department of Public Works to have the Superintendent of the Bureau of Water Assessment issue an exoneration in favor of the Women's Christian Association for water rent charged for the use of water in the building occupied by them at 210-214 Stockton avenue, North Side.

The city Ordinance assessing water rents contains the following provision:

"Hospitals, dispensaries and such other charities as are supported by public and private contribution shall be allowed 150 gallons of water per day per average yearly number of inmates without charge, and for all water used in excess of 150 gallons per day per average yearly number of inmates the charges shall be as per above schedule of metered rates; provided, however, that the charges for each quarter year shall in no case be less than \$1.00 for each institution."

The allowance of 150 gallons of water per day for each inmate of a charitable institution is an ample allowance if any reasonable care is exercised to prevent leakage and waste.

It has been found by experience that, however, it may be with some individual cases, in the majority of cases the giving of absolutely free water leads to recklessness in the management of the institution in regard to the use of water and causes a useless waste.

I, therefore, earnestly advise against the waiving of this limitation.

Moreover, it is manifestly inequitable to waive the limitation in the case of this institution and insist upon it in other cases.

If this institution is entitled to the privilege given by the general Ordinance it can obtain it without this resolution; if it is not, the resolution is illegal.

In addition to the foregoing, I desire to call your attention to the fact that the water rent assessed against this institution includes a charge of \$25.00 for water furnished for operating a boiler for the Duquesne Dye Works, a tenant of a portion of the property, from which it is probable the institution receives a revenue. I am,

Very respectfully yours,

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Resolution C. C. No. 917, directing the City Solicitor to satisfy a tax lien against the property of the Trustees of St. Nicholas' Church on East Ohio street, North Side, for taxes for the year 1907, amounting to \$352.71.

As will appear by the opinion of the City Solicitor, hereto attached, this property is legally subject to taxation and cannot legally be exonerated.

I am satisfied that these continued attempts to exonerate special property from taxes duly and legally assessed thereon are invalid, and would not afford any protection to any city officer acting under them.

The distribution of public money to people not legally entitled to it, or the release of property from taxation to which it is subjected by law, are alike illegal; they are special privileges which public officers governed by law have no right to grant.

I have refused my approval to many resolutions of this character, but, notwithstanding the advice of the City Solicitor that they are illegal, they seem to be increasing in number, and I desire to make an earnest appeal for discontinuance.

As they are illegal and cannot be acted upon, the passage of them subjects the city to heavy cost in printing and advertising, without benefit to any one.

In many cases these resolutions cost the city for these purpose more than the amount involved. Where the property is not subject to taxation releases can be secured without this expense; where it is subject to taxation the exoneration is illegal; but even if legal it is unfair to those who bear the burden of the city's tax to discriminate between them. I am,

Respectfully yours,

GEO. W. GUTHRIE,

Mayor.

W. B. Rodgers, Esq., City Solicitor:

Dear Sir—Relative to resolution of Common Council No. 917, passed December 14, 1908, authorizing the City Solicitor to satisfy the tax lien filed against the property of the Trustees of St. Nicholas' R. C. Church, on East Ohio street, Eighth ward, North Side, for taxes for the year 1907, I have made a personal investigation of this matter, and Mr. W. G. Manning, of the Assessors' office, has also investigated the

same, and we have found that none of this property sought to be released from the payment of taxes is properly exempt by law, that it is not used as an actual place of religious worship, but, on the contrary, there are erected on said premises a two-story brick house, which is rented; a parsonage and a two-story brick and stone lodge room.

Mr. Manning says that this property has been assessed in former years and the taxes were paid, but that the Trustees claim to be short of funds this year, wherefore this resolution.

Assistant City Solicitor.

Gentlemen—I have the honor to return herewith, without my approval, Resolution C. C. No. 870, authorizing and directing the City Solicitor to exonerate John Bowers from the payment of \$67.50 "erroneously assessed against his property for the construction of the Reimer alley sewer and charge the costs to the city."

As will appear by the annexed communication from the City Solicitor, this assessment was not "erroneously assessed against" the property of John Bowers, but was duly and properly assessed by the viewers in the regular course of business and is correct, and should be paid by him.

The assessment having been made by due process of law after hearing and having been regularly confirmed, the city has no more right to give this money to Mr. Bowers than any other money belonging to it. So far as I can see there is no more reason for releasing Mr. Bowers from the payment of this assessment than there is for releasing every other property owner.

The granting of special exemptions to individuals is illegal, and it is also unfair alike to the city and to the other property owners.

While the amount involved is small, the aggregate of these exonerations has been large. The practice inevitably causes favoritism, which is resented by the taxpayers and other property owners who are obliged to carry the burden which the favored individual should meet for himself. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

W. B. Rodgers, City Solicitor, Pittsburgh, Pa.:

Dear Sir—Relative to Common Council Resolution No. 870, passed December 14, 1908, exonerating John Bowers from the payment of \$67.50 for the construction of the Reimer alley sewer, the Viewers' Office informs me that said assessment is against the lot of John Bowers, situate at the corner of Park avenue and Reimer alley, Twenty-first ward, Pittsburgh.

That said assessment was not "erroneously assessed against his property for the construction of the Reimer alley sewer," but that said assessment is correct, and should be paid by him.

John Bowers has a private sewer on Park avenue and claims he does not need the sewer on Reimer alley, but said private sewer has never been accepted by the city, and John Bowers has never

paid for any public sewer on Reimer alley or Park avenue.

Mayor's Office.

Pittsburgh, January 11, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—The proceedings for the appraisal of the property of the Monongahela Water Works, in the Twenty-fourth to Thirty-sixth wards, inclusive, of the City of Pittsburgh, having been finally approved by the Supreme Court of the State, the city now has the right to take said property at the valuation placed thereon by the appraisers, to wit, \$1,975,000.

In anticipation of this decision the people have authorized the city to increase its debt \$1,975,000 for the purpose of paying for the said property, but it will take some time for your honorable bodies to authorize the issue of bonds and for the city to sell them in order to raise the money to make the payment to the company.

In the meantime the citizens in the wards affected are very properly anxious that the city should at the earliest date possible take over the plant of the company in order to be able to deliver filtered water from the filtration plant instead of the water now pumped by the company from the Monongahela river.

The Monongahela Water Company has informed me that it is willing to turn over its plant to the city forthwith, without waiting for the city to be ready to pay the money, provided the accounts can be fairly settled and adjusted, and

provided the city will give a bond and indemnity for the payment of the purchase money as soon as the money can be raised by the issue and sale of bonds.

In order to enable the city to perfect such an arrangement I would respectfully request your honorable bodies to pass the Resolution herewith submitted, which has been approved and recommended by the City Solicitor. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

In Select Council January 15, 1909. Read, received and filed.

Which was read, received and filed.

Second. That the Mayor and the Controller are hereby authorized and directed to make whatever settlements and adjustments with the said Monongahela Water Company as may become necessary in connection with the payment and taking over of said water works.

The Chair presented

No. 1082.

Department of Law.

Pittsburgh, December 31, 1908.

To the Common Council of the City of Pittsburgh:

Gentlemen—I have received C. C. No. 1005, which is a resolution instructing me to inform Councils whether annexed territory has a right to demand separate representation in Councils and instructing me, if there be legal authority, to oppose the making of separate wards out of annexed territory, and which was referred to me.

The question as to the right of annexed territory to be created into a separate ward is one of considerable doubt. There is a statute that seems to give that right, but possibly another construction might be placed upon it. If the question is raised it will be for the Court to determine. It may be that the question will not be raised, and we may be able to attach whatever territory is annexed to an adjacent ward.

In the meantime I will follow your directions, and endeavor to have any annexed territory attached to an adjacent ward.

Yours truly,

W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

Also

No. 1083.

Department of Law.

Pittsburgh, December 9, 1908.

Mr. Robert Clark, Assistant City Clerk:

Dear Sir—I have received your communication of 3rd instant, enclosing copy of S. C. No. 636 and also copy of same with amendments, as shown in brackets. You state that before action on the original resolution or amendments be taken the same was referred to me for an opinion as to which resolution it would be proper to proceed under.

The original resolution directs quo warranto proceedings against the several bridges crossing the Allegheny river in the city to test the companies' claim of ownership and their right to collect tolls. No reasons are given in the resolution for the proceedings, other than the statement that "the question has been raised in the public mind as to the right of the companies claiming to own the several bridges crossing the Allegheny river

within the limits of the City of Pittsburgh to charge tolls for passage over the same."

The only reason that I have heard for attacking the right of any company to charge tolls is a provision in the charters of two of them that each of the two may pay a maximum dividend and any surplus shall go into a fund to redeem the bridge. Whether the two companies have complied with the law and whether there are sinking funds may be the question aimed at. But if it is, that applies to but two companies. There are five bridges crossing the river within the city, and as to three of them there is no such provision in their charters, and I have not heard nor am I aware of any cause to doubt their right to charge tolls.

If Councils desire information on the subject I think it would be proper to adopt the amended resolution.

W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

The Chair took up

S. C. No. 636. Whereas, The question has been raised in the public mind as to the right of the companies claiming to own the several bridges crossing the Allegheny river within the limits of the City of Pittsburgh to charge tolls for passage over the same, the validity of such right determining in a great measure the value to be paid for the franchises of said companies in the proposed freeing of said bridges; now be it

Resolved, etc., That for the purpose of ascertaining the legal status of said corporations as to their claim of ownership of said several bridges, and especially as to the right to collect tolls thereon, the City Solicitor be and he is hereby authorized and directed to enter proceedings in quo warranto, as provided by law, against the several companies and prosecute the same forthwith to a final decision as rapidly as possible.

In Select Council November 17, 1908. Read and adopted.

In Common Council November 30, 1908. Referred to the City Solicitor for legal opinion.

Which was read.

Mr. Wasson moved

To amend the resolution by inserting after the word Solicitor "In case he shall find that there are sufficient grounds on which to base such action shall."

Also

After the word possible insert the words, "and shall report to Councils his opinion in the matter."

Which motion prevailed.

Mr. Wasson moved

The adoption of the resolution as amended.

Which motion prevailed.

Also

No. 1084.

Department of Law.

Pittsburgh, Pa., December 21, 1908.

Mr. E. J. Martin, City Clerk, Pittsburgh, Pa.:

Dear Sir—I submit the following in answer to the request for information from Councils, under Resolution C. C. 863, the copy of which, sent me, I return herewith:

The Allegheny river, which flows through the City of Pittsburgh, is a navigable stream, and was declared to be a public highway prior to the year 1798. Prior to the year 1867 an island formerly known as "Corks Island," and afterwards known as "Wainwrights Island," was located in the Allegheny river opposite the former Borough of Lawrenceville, and said island was separated from the mainland by a channel known as "Wainwrights Channel." By virtue of an Act of the General Assembly of Pennsylvania, approved April 16, 1858, P. L. 326, entitled "An act to establish high and low water lines in the Allegheny, Monongahela and Ohio rivers, in the vicinity of Pittsburgh, in Allegheny county," the high and low water lines were, among other places, duly marked and established on that branch of the Allegheny river running between said "Wainwrights Island" and the southeast main shore of the Allegheny river. By virtue of an Act of the General Assembly of Pennsylvania, approved April 12, 1867, P. L. 1203, entitled "A further supplement to an act incorporating the town of Lawrenceville into a borough, etc.," the corporate authorities of said borough were empowered to extend certain streets in said borough through and across that portion of the Allegheny river lying between "Wainwrights Island" and the main shore of the Allegheny river, and to fill up and embank that portion of said river occupied by said streets so as to make a uniform grade. The said streets were afterwards so extended across said "Wainwrights Channel" that "Wainwrights Channel" ceased to be a part of said river and said island became attached to and a part of the main shore. By virtue of an Act of the General Assembly, approved April 8, 1870, P. L. 1048, entitled "An act relating to a certain street in the City of Pittsburgh," the right and title to the bed of that portion or branch of said Allegheny river, from the head of said "Wainwrights Island" to the foot thereof, between the low water lines so, as aforesaid, established under said Act of Assembly of April 16, 1858, P. L. 326, was vested in the City of Pittsburgh, and the city was authorized and empowered to hold and improve said land for public purposes as a street.

The portion of ground which was formerly "Wainwrights Channel," between the low water lines as fixed under said Act of 1858, was in the year 1870 vested in the City of Pittsburgh for street purposes, and it is now vested in said city for said purposes. Various corporations and persons have encroached on

this ground so dedicated for street purposes, and bills in equity are now in the course of preparation for the purpose of asserting the title of the city to said land for street purposes. A survey has already been made of said land by the Bureau of Surveys, and other data is now being collected for the purpose of assisting the Law Department in the preparation of these cases.

Yours very truly,

W. B. RODGERS,
City Solicitor.

Which was read, received and filed.

No. 1086.

Department of Law.

Pittsburgh, January 5, 1909.

To the Finance Committee of the City of Pittsburgh:

Gentlemen—I am informed that an Ordinance will be before you with respect to the annexation of a portion of Scott Township to the City of Pittsburgh. It seems that there is also a petition pending in the Quarter Sessions Court for the erection of a borough out of the portion of Scott Township proposed to be annexed.

I am informed that the argument has been or will be made to you that if you report this Ordinance affirmatively you will be in contempt of Court because of the pendency of the petition for the creation of a borough. There is nothing in this argument, and if you choose you may safely proceed to report the Ordinance.

I write this letter at the request of counsel who is conducting the proceedings for the annexation.

Yours truly,

W. B. RODGERS,
City Solicitor.

S. C. No. 752.

Mayor's Office.

Pittsburgh, Pa., February 1, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith, for your consideration and action, draught of an agreement between the City of Pittsburgh and the Monongahela Water Company, prepared under the resolution passed by your bodies January 15, 1909, and approved by me January 18, 1909.

The proposed agreement has been approved by the Board of Directors of the Monongahela Water Company, and if approved by your honorable bodies the agreement can be made and possession taken immediately upon the terms stated therein.

Owing to the necessary delay in selling the bonds of the city to raise the purchase money for the "works," possession cannot be obtained at the present time except in pursuance of a mutual agreement satisfactory to both parties.

I am of opinion that the proposed agreement is fair to the city. The city will obtain possession of the "works" and in that way secure an opportunity of delivering filtered water to the inhabitants of the old wards, Twenty-fourth to Thirty-sixth, inclusive, at an early date, and will be entitled to the water rents paid to the company for the period covered by its possession, whether such rents were paid in advance or should be paid subsequently. The company will, however, for the protection of its rights reserve title to the property under this agreement until the purchase money has been adjusted and paid.

If satisfactory to you, I would recommend that the agreement be read and approved in both bodies at this meeting. I am, Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

AGREEMENT BETWEEN THE CITY
OF PITTSBURGH AND THE
MONONGAHELA WATER
COMPANY.

Whereas, Proceedings have already been had in the Court of Common Pleas No. 1 of Allegheny County, Pennsylvania, at No. 317 March term, 1907, wherein the city petitioned for the appointment of appraisers to value the property of the Monongahela Water Company, located in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, under the provisions of a contract theretofore made between the City of Pittsburgh and the Monongahela Water Company, dated December 23,

1885, in which proceedings there has been a final judgment entered valuing the property of the Monongahela Water Company in said wards at one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars; and

Whereas, Said contract contains among other provisions the following:

"If the said City of Pittsburgh and the said Monongahela Water Company, its successors and assigns, shall not within six months from the expiration of said term, agree on the terms for payment of said works, then this agreement shall continue until such time as the said City of Pittsburgh shall give one year's notice to the said Monongahela Water Company, its successors and assigns, of the intention of the said City of Pittsburgh to purchase at the said valuation, and that the said City of Pittsburgh proposes to pay for the same in five equal annual instalments, with interest from the date of the purchase and the assuming of possession of the said works;" and

Whereas, The Monongahela Water Company claims that the six months mentioned in said provision have long since expired, and, under the strict terms of the said contract, the city could not acquire possession of the said property without one year's notice of its intention to purchase at the said valuation, and in that case payment for the said works would be in five equal instalments with interest; and

Whereas, The City of Pittsburgh has lately completed a filtration system whereby it can deliver filtered water to the said wards from the Twenty-fourth (24th) to the Thirty-sixth (36th), both inclusive, through the system of the said Monongahela Water Company, and the city is anxious so to do, and both parties are willing to waive the strict terms of the said recited provision; and

Whereas, It is necessary before the actual transfer of absolute title by the Monongahela Water Company to the City of Pittsburgh of the said recited works that the Monongahela Water Company should first arrange for the collection of various unpaid water rents that are overdue and unpaid in the said recited wards, and it is also to the benefit of the city that the said water rents should be collected, because the city will be interested in a portion thereof, and, when collected, the Monongahela Water Company must account for the same to the said city; and

Whereas, The Monongahela Water Company claims to have made certain additions, permanent improvements and extensions of its water mains since the making of the inventory of its assets, which was introduced in evidence before the appraisers, and on which the said appraisalment was made, which inventory is dated December 9, 1907, and if this be so the Water Company is entitled to reasonable allowance for the same; and

Whereas, The City of Pittsburgh has provided for a bond issue of one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars to pay the said assessed valuation of said property of the Monongahela Water Company, and

It is now intended to advertise and sell said bonds so as to acquire the money wherewith to pay the said Monongahela Water Company, such selling of the bonds being in the interest of the City of Pittsburgh because of the premium that the said city expects to receive thereon; and

Whereas, It will require some time before a final adjustment and settlement of the question of the additional claim of the Monongahela Water Company can be made, and also some time for the advertisement and sale of the said bonds, and before the water rents now unpaid can be collected, and yet both parties are anxious that the City of Pittsburgh should at once introduce to the inhabitants of the said wards from the Twenty-fourth (24th) to the Thirty-sixth (36th), both inclusive, filtered water;

It is now and by this agreement provided as follows:

First. The Monongahela Water Company does hereby lease to the City of Pittsburgh, beginning on the 1st day of February, 1909, until the 20th day of March, 1909, at noon of said day, its water plant as it now stands in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, and this includes all its property, real estate and fixtures in said wards, an inventory of which property, real estate and fixtures is annexed to and made part of this contract and lease. This inventory shall before it is annexed to this contract be certified by the acting superintendent of the Water Bureau of the City of Pittsburgh and also by Martin Prenter, superintendent of the Monongahela Water Company.

Second. The Monongahela Water Company agrees to deliver and the City of Pittsburgh agrees to take possession of said plant on said February 1, 1909, and thereafter to operate the same at its own risk and expense and deliver water to the customers and consumers now on the lines of the water works of the said Monongahela Water Company in said wards up to April 1, 1909; but this possession and the operation of the said plant shall be consistent with and subject to the right of the Monongahela Water Company to proceed to collect its unpaid water rents, using such remedies as the said water company has, including the turning off of the water at all places where the customers have and shall persistently refuse to pay what they owe to the said water company for the water furnished to them.

Third. All claims as aforesaid of the Monongahela Water Company for permanent improvements, additions and extensions since the making of the said inventory, which inventory is dated December 9, 1907, are hereby referred by the parties hereto to the superintendent of the Water Bureau of the City of Pittsburgh and Martin Prenter, the superintendent of the Monongahela Water Company; and these two, in case of difference between them, are authorized to choose an umpire, and the decision of the majority of the three shall be conclusive and binding upon both parties hereto. Proceedings before said referees are to be informal, and the said referees are to act chiefly upon their own inspection

and examination, with such additional information as they may desire; and their work shall be completed and award made by the first day of March next succeeding.

Fourth. On the 20th day of March, 1909, this lease shall terminate, and the City of Pittsburgh shall thereupon, on or before noon of said day, pay to the Monongahela Water Company said sum of one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars, with interest from February 1, 1909, at the rate of five (5%) per centum per annum, together with such other sums as the said referees may award for permanent improvements, additions and extensions; subject also to such reduction or credit as the City of Pittsburgh shall be entitled to for the water rents due to it, and which the Monongahela Water Company may have collected at any time prior to said March 20, 1909, as aforesaid, which accounting by the water company to the city shall be on this basis:

The water rents of the Monongahela Water Company are from assessments made yearly, and which run from April 1 of one year to March 31, inclusive, of the next year, and the water to be furnished by the Water Company to the consumers for said assessments is for the same period of time. As the City of Pittsburgh takes possession of and operates the works of the Monongahela Water Company and supplies water under the provisions of this lease and contract to the consumers of the Monongahela Water Company in said recited wards, for the period beginning February 1 and ending April 1, 1909, it is entitled to receive of the said water rents assessed by the said Monongahela Water Company its proportion thereof for the said time it shall so operate said works, and deliver water as aforesaid, whether said water rents are measured by the assessment aforesaid, or by meter readings, or otherwise; and this exact sum shall be stated and fixed by the said superintendent of the Water Bureau and the said Prenter on the said 20th day of March, 1909, if there then be any uncertainty about it; any amount thereafter collected for water furnished between February 1, 1909, and March 31, 1909, by either party shall be divided on same basis.

Fifth. The Monongahela Water Company agrees on its part that it will pay off its outstanding issue of bonds and all unpaid interest thereon, amounting in the aggregate to the sum of one hundred thousand (\$100,000.00) dollars, which bonds are dated January 1, 1892, payable January 1, 1912, with interest at five (5%) per centum per annum, and are secured by a mortgage on the property of the Monongahela Water Company. (See Deed Book, volume 602, page 295, in the Recorder's Office of Allegheny County). Or if the Monongahela Water Company shall not be able to arrange for the retirement of said bonds before noon of March 20, 1909, then the following arrangement shall be perfected: The City of Pittsburgh in its sale of said bonds shall only at present sell one million eight hundred and seventy-five thousand (\$1,875,000.00) dollars, retaining possession of one hundred thousand (\$100,-

000.00) dollars of the bonds. This will save the City of Pittsburgh paying interest on said one hundred thousand (\$100,000.00) dollars of its own bonds up until January 1, 1912, when the bonds of the Monongahela Water Company mature, and it can then either sell said bonds in the open market or exchange said bonds for the bonds of the Monongahela Water Company, as the city prefers, but as the city takes possession of the water works of the Monongahela Water Company and thereby has the use of all the said works of which the said one hundred thousand (\$100,000.00) dollars is part of the consideration, it should and will pay the interest on the said bonds of the Monongahela Water Company from March 20, 1909, the date of possession as absolute owner by the City of Pittsburgh, and as Pittsburgh bonds themselves only bear four (4%) per centum interest, and the Monongahela Water bonds bear five per centum interest, it is agreed that the Monongahela Water Company shall make a proper provision with the city for the difference between the four per centum and the five per centum interest on its own bonds up to the date of maturity.

Sixth. Upon the payment of the said purchase money, as provided in the preceding section, the Monongahela Water Company shall make a deed to the City of Pittsburgh conveying absolutely its said property in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, so that the City of Pittsburgh shall be seized and possessed of an absolute estate in the same.

And there not being a quorum present

Mr. Hirsch moved

That Mr. McElroy take the Chair and that Council go into social session.

Which motion prevailed.

And Mr. McElroy took the Chair.

Mr. Hirsch arose and said:

"This is the last meeting, gentlemen, probably the last time for us to come together as a band of Councilmen, and

we would be very derelict by ourselves and our God if we did not feel grateful for the friendships and social relations which have been formed in the three years we have been together. Friendships have been formed that will last as long as life itself. Speaking for myself, Mr. President, I wish to thank you and you, my colleagues, for the friendliness and kindness which have always been mine and for which I shall always feel especially grateful. For the gentlemen who will represent my ward, more ably no doubt than myself, but not more faithfully, I would ask the same consideration you have shown to me, and with that there will be no opportunity for them to complain.

"At this time I might mention the men who have been with us and have gone to a higher reward. Gentlemen, it is with a heart full of sadness and deep regret that I most reverently call the names of James W. Clark, John B. Larkin, Frank Ridgeway, David McGary, James Mullaney and Thomas McBride. May their measure of peace and happiness there be equal to the love and respect they enjoyed here.

"I would ask the privilege of taking and keeping, as a precious memento of these happy years, the name-plate on my desk. I again thank you all, and wish you, Mr. President and you, my colleagues, Godspeed in your various paths of life."

Mr. Ladley called on Mr. R. K. Cochran for remarks, and Mr. R. K. Cochran arose and said:

"Mr. Chairman, I was going to sit still for a little while because I expected we were going to be here for one hour in social session. It has been a source of great pleasure to me to have sat in Council, not only for this short term, but for the years I sat in the old Allegheny body. We have had our ups and downs at all times. Sometimes we have all been together, and then at other times the united family would be very much divided. I publicly, as well as privately, forgive any and all persons who have at any time thought that they were doing anything that might hurt me, and if I have the ill will of any person for anything I may have done I ask their forgiveness in the same spirit. I shall cherish very much the bonds of friendship that have been formed during my term in Councils. It is, indeed,

unfortunate that the members are not all here to-night that we might all say a happy farewell. For the members coming from the new wards on the North Side, and especially from the new Twenty-first ward, which includes the old Sixth, I would ask their kindly consideration at the hands of those of us who will remain in this body. I thank you from the bottom of my heart for all the favors given to me, and I wish to say to you that the latch-string of my home and of my office is always out."

The **Chair** ordered the Clerk to call the roll, and the roll being called there were

And there not being a quorum present, Council resumed social session.

Mr. Hirsch arose and said:

"I would like to call on a member who has distinguished himself in more ways than one—**Mr. McElroy.**"

Mr. McElroy spoke from the Chair, saying:

"It is very flattering to be called upon for a few remarks to this body, and I deeply appreciate it. In response to the gentleman's invitation I thank you most cordially for the confidence placed in me in selecting me as your temporary chairman. I have met a great many gentlemen here whose acquaintance I shall take great pleasure in; chief among them is my friend, **Mr. Hirsch.** I had known **Mr. Hirsch** before coming in to this body, but this association with him has made me more intimately acquainted with him. You gentlemen have always treated me with the utmost consideration. At times I may have seemed a little harsh, but not to any individual, but for the good of the Council. I am leav-

ing here without a single regret. I have endeavored to discharge my duty to the best of my ability. I have endeavored to serve the people who elected me to the best of my ability. In some things, perhaps, I may have failed, not by reason of not trying, but because a majority of you gentlemen thought otherwise. I wish to again thank you, gentlemen, most cordially and with all my heart, and join in wishing you Godspeed and all the happiness in life. I thank you, gentlemen."

The Clerk presented to the Chairman several communications from the Mayor as follows, upon which no action was taken, there not being a quorum of Councils present:

No. 1143.

Mayor's Office.

Pittsburgh, Pa., March 29, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to submit herewith detailed statement of money expended in the construction and equipment of the filtration plant, the amount paid for extra work, the amount still due the contractor and the amount claimed by the contractor for extra work and damages by reasons of delays, as called for by Resolution of your honorable bodies adopted March 2, 1909.

You will see by statement submitted that the total amount expended for the construction and equipment of the filtration plant, including the amount paid for the real estate and for the preliminary work and investigation in the preparation of plans (but not including the amount paid on account of the ten (10) extra beds for providing for the supply of the North Side), is \$5,458,428.85; the amount paid for the extension and improvement of the distribution system, including river crossing, pipe line to the South Side, new pumps at Brilliant Station, meters, etc., is \$1,341,519.86; and the amount already expended on the ten (10) new beds being provided for the North Side is \$145,407.74.

The amount expended for extra work arranged, ordered and paid for prior to the first Monday of April, 1906, on all contracts is \$133,589.50; and the amount expended for such extra work since that date is \$35,107.92.

Almost all the extra work paid for since the first Monday of April, 1906, was ordered and arranged for prior to that date and was necessary to complete the work so ordered.

For instance, there was allowed and paid in this way \$1,900.00 under Contract No. 1 and \$1,064.00 under Contract No. 2 for a metal covering for doors, window frames and floorings which were essential to the safety and protection of the building; \$2,375.00 under Contract No. 1 for expansion joints on exposed pipes, without which the system could not be maintained; \$1,061.90 under Contract No. 1 for "C. I. plug receptacle boxes," essential to the operation of the electrical system; \$7,275.15 under Contract No. 1 for plating for coal bunkers, which was necessary for the completion of the con-

tract; \$1,241.76 under Contract No. 10 on account of work done in changing the South Side line on Boundary street.

All of this, amounting to \$14,917.81, was paid, as already stated, in order to carry out changes ordered and arranged for prior to said first Monday of April, 1906.

In addition to this, \$1,026.85 was ordered under Contract No. 1 to provide water closets and toilets for women to be employed in the administration building; and \$4,880.20 was allowed under Contract No. 3 for furnishing and placing a 72-inch valve in order to separate the pumping chambers at Brilliant, which was essential in order to provide against accident, but had not been arranged for in the plans.

With these two (2) exceptions the other items of extra work allowed for since the first Monday of April, 1906, were either to pay for work ordered and arranged prior to that date, as already stated, or were due to lack of harmony between the drawings and the specifications necessitating an adjustment between the city and the contractor, and for which the contractor was legally entitled to be paid.

You will also observe that the contractor has claims for extra and additional allowances as follows:

For extra work not allowed....	\$ 8,335.84
For alleged errors in estimates of quantities.....	25,086.98
For damages by reasons of delays	735,146.18

The claims for extra work and for alleged errors in estimates were made at the time the work was done and were refused by the Director. No appeal was taken from the Director's decision disallowing these claims, and I am advised by the City Solicitor that the claim now made cannot be sustained.

The claim "damages for delays" was an entire surprise to me and to the city officials in charge of the work.

All the contracts under which this work was done contained the following provision:

"Section 12. The contractor further agrees that he will make no claim for

extra compensation for any hindrance or delay of the work from any cause during the progress of the same, though he may ask an extension of the time agreed upon for completing the work."

The work on the plant was stopped in December, 1905, in consequence of certain orders from the then Director of the Department of Public Works, and was not resumed until shortly after the first Monday of April, 1906. In arranging for a resumption of work the contractor reserved his right to make the delay thus caused the basis of an application for an extension of time for the completion of his contract.

Neither then, nor at any time since, has the contractor made any application for an extension of time for any cause; nor did he at any time give the city any notice of any intention on his part to make any claim for damages on account of this delay, or of any subsequent delay in the work from any causes whatever, until the claim was presented on the 23rd day of February, 1909.

This work was done under ten (10) separate contracts, each of which contained a provision requiring the contractor to pay the city a certain fixed sum for liquidated damages for each and every day the completion of the work was delayed beyond the date fixed therefor.

The work to be done under nine of the contracts has been taken over by the city, but in no case was it finished and ready for acceptance until long after the time limit had expired.

Acting under the advice of the City Solicitor I have caused notice to be served on the contractor, copy of which is hereto attached, that the city claims and demands for the defaults under these contracts the total sum of \$558,200.00, distributed as therein set forth.

The amount to be paid for the default under Contract No. 6 cannot be liquidated until the work thereunder has been completed and accepted. I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have disapproved portions of two (2) items in Ordinance C. C. No. 1033, entitled "An Ordinance making appropriations for the fiscal year beginning February 1, 1909, for the use of the Department of Public Safety."

The portions disapproved are: \$6,200.00 of Item No. 1 of Appropriation No. 25, being for increases of salaries in the Bureau of Building Inspection; and \$600.00 of Item No. 1 of Appropriation No. 24, being for increase of salary of Superintendent of the Bureau of Health.

The amounts left in these two items cover the salaries of the employees of these bureaus as fixed by the Ordinances now in force. There is no authority for

the payment of the increases covered by these disapproved items. The salaries as fixed by the Ordinances of the city are fully covered by the remainder of the appropriations. I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

Pittsburgh, Pa., March 15, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I return herewith, without my approval, Resolution C. C. No. 1066, exonerating Solomon Golden from taxes amounting to \$127.00 on his property in the former Second ward of this city.

It appears Solomon Golden paid his taxes when due, but through some oversight of the clerk in the City Treasurer's office the payment was credited to property belonging to another person.

The mistake having been shown has already been corrected in the City Treasurer's office, and no exoneration is necessary. I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

Also

C. C. No. 1066. Resolved, That the Bureau of Assessors shall be and they are hereby authorized and directed to issue an exoneration in favor of Solomon Golden for \$127.00, being the taxes assessed against a lot and building on Cherry alley, between Second and Third avenues, in the former Second ward, Pittsburgh, for the year 1907, said Golden having paid the tax on an adjoining lot through an error made by a clerk in the office of the City Treasurer, as fully shown in the accompanying petition.

Pittsburgh, Pa., March 15, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I return herewith, without my approval, Resolution C. C. No. 951.

The Ordinance assessing and letting water rents provides for the exoneration of all charitable institutions in the city upon a fixed and equal basis. The Mercy Hospital has received the benefit of this exoneration, and I am advised that to give it a special exoneration different from that given to other charities of the same class is not legal, and it certainly is not equitable. The Resolution is therefore returned without my approval. I am,

Very respectfully,

GEO. W. GUTHRIE,
Mayor.

Also

C. C. No. 951. Resolved, That the Bureau of Water Assessments shall be and are hereby authorized and directed to fix the water rent charged and assessed to Mercy Hospital, in the Sixth ward, for the year 1908, at the sum of \$10.00, and to issue an exoneration to the Collector of Delinquent Taxes for all amounts charged in excess of said sum.

Also

No. 1147.

Mayor's Office.

Pittsburgh, Pa., March 17, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I return herewith, without my approval, Resolution C. C. No. 1107, which after reciting an Ordinance granting to the Second Avenue Passenger Railway Company authority to construct an additional track on Greenfield avenue, upon the condition "that said company shall complete the construction of said additional track within one (1) year from the date of the enactment of this Ordinance or forfeit this franchise," and which was finally passed over my objection March 23, 1908, provides "that the time fixed by the aforesaid Ordinance for the completion of the said additional track of the Second Avenue Passenger Railway Company over the route designated therein be and it is hereby extended for a period of nine (9) months from March 23, 1909."

I disapproved of the Ordinance above recited because it gave to the Second Avenue Passenger Railway Company a franchise in perpetuity and without compensation.

At the election in February, 1906, at which all the members of Common Council, half the members of Select Council and the Mayor were elected, all parties pledged themselves to the people that no franchises should thereafter be granted in perpetuity or without compensation.

Having been elected Mayor upon this pledge, I refused my approval to the Ordinance recited in this Resolution, because it granted additional franchises to the Second Avenue Passenger Railway Company in perpetuity and without compensation to the city.

To approve an extension of this franchise when it has been forfeited by the failure of the company to comply with the conditions upon which it was granted would be as distinct a violation of the pledge as the approval of the original Ordinance; believing thoroughly that the granting of perpetual franchises is grossly improvident and being bound by the pledge on which I was elected by the people I must refuse my approval of this Resolution.

I desire to call your attention to this additional fact: The purpose and effect of this Resolution is to amend the original Ordinance by extending the time for the completion of the work for a period of nine (9) months from March 23, 1909.

Such an amendment is a Legislative act, and it cannot be accomplished by a Resolution passed as the one now under discussion was, under a suspension of the

rules, without a compliance with the requirements of the act of 23rd of May, 1874.

The rules of Councils can be suspended, but the requirements of the Act of Assembly must be complied with before any Legislative act can have legal effect.

I am, therefore, of opinion that the Resolution is illegal and void. I am,

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

C. C. No. 1107. Resolved, By the Select and Common Councils of the City of Pittsburgh, That the time fixed by the aforesaid Ordinance for the completion of the said additional track of the Second Avenue Passenger Railway Company over the route designated therein, be and it is hereby extended for a period of nine (9) months from March 23, 1909.

No. 1148.

Mayor's Office.

Pittsburgh, Pa., March 17, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I return herewith, without my approval, Resolution C. C. No. 1108, which after reciting an Ordinance granting unto the Monongahela Street Railway Company the right to enter upon, use and occupy certain streets, avenues and highways in the City of Pittsburgh, to lease its franchises and other passenger railways companies and to connect its tracks with the tracks of other passenger railway companies, upon the condition "that said company shall complete the construction of its railway over the route described within one (1) year from the date of the enactment of this Ordinance or forfeit this franchise," and which was finally passed over my objection March 23, 1908, provides "that the time fixed by the aforesaid Ordinance for the completion of the railway of the Monongahela Street Railway Company over the route designated therein be and it is hereby extended for a period of six (6) months from March 23, 1909."

I disapproved of the Ordinance above recited because it gave to the Monongahela Street Railway Company a franchise in perpetuity and without compensation.

At the election in February, 1906, at which all the members of Common Council, half the members of Select Council and the Mayor were elected, all parties

pledged themselves to the people that no franchises should thereafter be granted in perpetuity or without compensation.

Having been elected Mayor upon this pledge, I refused my approval to the Ordinance recited in this Resolution, because it granted additional franchises to the Second Avenue Passenger Railway Company in perpetuity and without compensation to the city.

To approve an extension of this franchise when it has been forfeited by the failure of the company to comply with the conditions upon which it was granted would be as distinct a violation of the pledge as the approval of the original Ordinance; believing thoroughly that the granting of perpetual franchises is grossly improvident, and being bound by the pledge on which I was elected by the people, I must refuse my approval of this Resolution.

I desire to call your attention to this additional fact: The purpose and effect of this Resolution is to amend the original Ordinance by extending the time for the completion of the work for a period of six (6) months from March 23, 1909.

And there not being a quorum of Councils present there was no action taken thereon, and

On motion of Mr. Forrest

Council adjourned.
